Introduction

Report Structure

The Annual Report is organized in accordance with the departmental appropriation structure, which reflects the department's authorized vote approved by the Legislative Assembly. The report includes information at the main and sub-appropriation levels, including program descriptions, financial performance and variances, as well as a five-year historical table detailing departmental expenditures.

Overview

The benefits administration program area of Labour Relations Services, Treasury Board Secretariat, is responsible for providing central administrative services to government-wide employee benefits and insurance programs in accordance with collective agreements, legislation and personnel policies. Negotiated plans include the Ambulance and Hospital Semi-Private (AHSP), Dental, Vision, Prescription Drug and Long Term Disability plans as well as the Health Spending Account.

Introduction

Structure du rapport

La structure du rapport annuel est conforme à la présentation des affectations de crédits ministériels, laquelle correspond aux crédits autorisés par l'Assemblée législative pour chaque ministère. Le rapport présente des renseignements relatifs aux crédits et aux sous-crédits, y compris la description de programmes, la performance financière et les écarts, ainsi qu'un tableau récapitulatif quinquennal des dépenses ministérielles.

Vue d'ensemble

Au sein du Service des relations du travail (Secrétariat du Conseil du Trésor), la section d'administration des prestations assume la gestion centrale de différents régimes d'assurance et programmes de prestations, à l'échelle de l'ensemble de la fonction publique du Manitoba, conformément aux diverses conventions collectives, mesures législatives et politiques applicables au personnel gouvernemental. Divers régimes ont résulté des négociations entreprises, y compris le régime d'assurance prévoyant le transport par ambulance et l'hospitalisation dans une chambre à deux lits, le régime d'assurance dentaire, le régime de soins de la vue, le programme de remboursement des médicaments délivrés sur ordonnance et le régime d'assurance-invalidité de longue durée, ainsi que le Compte gestion-santé.

The branch manages the payment and recovery of Workers Compensation from government departments and certain agencies and compiles financial information for statutory benefit and insurance programs including the Civil Service Superannuation Plan, Canada Pension Plan, Group Life Insurance, Employment Insurance and the Levy for Health and Post-Secondary Education.

There are two benefit categories:

- 1) Non-Recoverable, including Superannuation, Workers Compensation (central costs) and other salary related benefits; and
- 2) Recoverable, including Canada Pension Plan, Employment Insurance, Civil Service Group Life Insurance, Workers Compensation (departmental costs), Dental, Long Term Disability, Ambulance and Hospital Semi-Private, Vision Care and Prescription Drug Plans and the Health Spending Account, as well as the Levy for Health and Post-Secondary Education. All costs for recoverable benefits incurred by Employee Pensions and Other Costs are recovered from departments based on either actual salaries paid to employees or on the actual benefit premium paid. Within the recoverable category, benefits can also be divided into two classifications: external premium-based and self-insured.

La section voit au versement des indemnités de la Commission des accidents du travail et à la récupération de ces sommes auprès des ministères et organismes concernés; elle compile également les renseignements financiers se rapportant aux régimes d'assurance et programmes de prestations couverts par des crédits législatifs, dont le régime de retraite de la fonction publique, le Régime de pensions du Canada, l'assurance-vie collective de la fonction publique, le régime d'assurance-emploi et l'impôt destiné aux services de santé et à l'enseignement postsecondaire.

Il existe deux catégories de prestations:

- 1) Les prestations dont les coûts sont non récupérables, y compris celles relatives au régime de retraite de la fonction publique, à la Commission des accidents du travail (coûts centraux), et aux autres avantages salariaux.
- 2) Les prestations dont les coûts sont récupérables, y compris celles relatives au Régime de pensions du Canada, au régime d'assurance-emploi, à l'assurance-vie collective de la fonction publique, à la Commission des accidents du travail (coûts ministériels), au régime d'assurance dentaire, au régime d'assurance-invalidité de longue durée, au régime d'assurance prévoyant le transport par ambulance et l'hospitalisation dans une chambre à deux lits, au régime de soins de la vue, au programme de remboursement des médicaments délivrés sur ordonnance, au Compte gestion-santé et à l'impôt destiné aux services de santé et à l'enseignement postsecondaire. Dans cette catégorie, les sommes engagées au chapitre du régime de retraite de la fonction publique

(et autres frais) sont récupérées par la section auprès des ministères concernés, en prenant comme point de départ le montant des salaires réels ou le montant des prestations réelles. (Les prestations de cette catégorie peuvent également être classées de la façon suivante: externes, basées sur les primes et autoassurées.)

PART I
Employee Pensions and Other Costs

Employee Pensions and Other Costs

A. Non-Recoverable Benefits

Civil Service Superannuation Plan

The Civil Service Superannuation Plan provides funding for the employer's share of current service contributions and other costs associated with administration of the plan.

Expenditures by Sub-Appropriation	Actual 2013/14 \$(000s)	Estimate 2013/14 \$(000s)	Variance Over/ (Under) \$(000s)	Expl. No.
06-1a Civil Service Superannuation Plan				
(1) Pension Related Costs	72,537	72,005	532	
(2) Less: Recoveries	(64,640)	(64,409)	(231)	
Total Sub-Appropriation	7,897	7,596	301	1

1. *The net increase in the Civil Service Superannuation Plan in 2013/14 mainly reflects an under-estimation of the current service contributions and other pension related costs.*

Other Salary Related Benefits

This sub-appropriation provides funding for recording of the annual change in the liabilities for severance, vacation and overtime entitlements for employees who have met the service requirements stated in the collective agreement and are still members of the civil service. The liability associated with employees receiving long term disability and workers compensation benefits is also included.

Expenditures by Sub-Appropriation	Actual 2013/14 \$(000s)	Estimate 2013/14 \$(000s)	Variance Over/ (Under) \$(000s)	Expl. No.
06-1b Other Salary Related Benefits	7,036	10,677	(3,641)	1

1. *The variance in Other Salary Related Benefits mainly reflects decreases in the vacation, overtime, other leaves, severance and long term disabilities liabilities offset by an increase in the Workers Compensation liability.*

Workers Compensation Board

The Workers Compensation Board (WCB) provides funding for the annual payments to government employees injured at work as assessed by the WCB as well as fees paid to WCB for administration of the compensation plan. The annual payments are recovered from other departments in respect of their employees.

The province is self-insured with respect to workers compensation payments, although the WCB provides administrative and assessment services.

Expenditures by Sub-Appropriation	Actual 2013/14 \$(000s)	Estimate 2013/14 \$(000s)	Variance Over/ (Under) \$(000s)	Expl. No.
06-1c Workers Compensation Board				
(1) Assessments	5,913	7,944	(2,031)	1
(2) Less: Recoveries	(5,912)	(7,929)	2,017	2
Total Sub-Appropriation	1	15	(14)	

1. 2013/14 Workers Compensation Assessments were lower than anticipated primarily as a result of fewer claims and work days lost by injured employees.
2. Recoveries were down mainly due to the lower assessment costs.

The annual maximum for basic dentistry is \$1,475.00 and the orthodontic lifetime maximum is \$1,675.00 for full-time employees. Coverage for part-time employees is based on 50% of the coverage amounts applicable for full-time employees and up to 50% of the maximum.

The province is self-insured with the plan carrier (Manitoba Blue Cross) being reimbursed for payments made to government employees under the plan as well as an administrative fee.

Full-time employees are reimbursed 80% for eligible expenses, to a maximum of \$800.00 per family per calendar year, while part-time employees are reimbursed 80% for eligible expenses, to a maximum of \$400.00 per family per calendar year.

Expenditures by Sub-Appropriation	Actual 2013/14 \$(000s)	Estimate 2013/14 \$(000s)	Variance Over/ (Under) \$(000s)	Expl. No.
06-1i Prescription Drug Plan	3,300	4,070	(770)	1

1. Costs associated with Prescription Drug Plan were below budget mainly due to fewer claims and associated costs.

Ambulance and Hospital Semi-Private Plan

As negotiated under various collective agreements or as provided in the regulations under *The Civil Service Act*, the Supplementary Health Plan provides for an Ambulance and Hospital Semi-Private Plan to all eligible civil servants. Premium payments to the plan carrier (Manitoba Blue Cross) are made, based on the number of eligible employees. Full-time employees and part-time employees are eligible for coverage, although part-time employees are eligible for single coverage only. Premium payments to the plan carrier are 100% employer paid. Part-time employees may elect to increase their coverage to include family members by paying the difference between the family premium and single premium through voluntary payroll deductions. Effective January 1, 2013, premium rates increased from \$9.10 to \$10.14 for single coverage and from \$18.72 to 21.06 for family coverage.

This plan is 100% employer funded.

2. The increase in Long Term Disability in 2013/14 is primarily due to negotiated rate increases, legislated plan changes and other claim settlements.
3. The increase in Recoverable from Other Appropriations from 2012/13 is primarily the result of higher payroll benefit costs than the prior year.
