Re: COVID-19 - Requirement Added for Returning Travelers to Self-Isolate Following Travel to Italy

<https://www.gov.mb.ca/health/coronavirus/>
<https://sharedhealthmb.ca/health-providers/coronavirus-resources/>

As more countries and provinces report positive cases of COVID-19, including many with confirmed – and increasing -community transmission, **the risk of exposure to COVID-19 during travel outside Manitoba continues to increase.**

All travelers returning from international travel to Italy, Iran, and Hubei Province, China must self-isolate for 14 days.

It is **no longer a requirement** for providers to submit a Clinical Notification of Reportable Diseases and Conditions Form for **COVID-19**. Providers should continue to report other diseases as listed on the form.
