On motion of Mr. REID, the Report of the Committee was received.

Pursuant to Rule 26(1), Ms. SELBY, Messrs. MAGUIRE, SARAN, PEDERSEN and REID made Members' Statements.

Prior to Grievances, Mr. LAMOUREUX rose on a Matter of Urgent Public Importance and moved:

THAT in accordance with Rule 36(1), the ordinary business of the House be set aside to discuss a Matter of Urgent Public Importance, namely, the compromise to freedom of the press in Manitoba which has resulted in Mr. Hussain Gusti, a journalist from Thompson, Manitoba, being banned from attending the board meetings of the Burntwood Regional Health Authority.

And Mr. LAMOUREUX and Hon. Mr. BLAIKIE having spoken to the urgency of the motion,

WHEREUPON Madam Deputy Speaker ruled as follows:

I thank the Honourable Members for their advice to the Chair on whether the motion proposed by the Honourable Member for Inkster should be debated today. The notice required by Rule 36(1) was provided. Under our Rules and Practices, the subject matter requiring urgent consideration must be so pressing that the public interest will suffer if the matter is not given immediate attention. There must also be no other reasonable opportunities to raise the matter.

I have listened very carefully to the arguments put forward, however I was not persuaded that the ordinary business of the House should be set aside to deal with this issue today. Although this is an issue that some Members may have a concern about, I do not believe that the public interest will be harmed if the business of the House is not set aside to debate the motion today.

Additionally, I would like to note that other avenues exist for Members to raise this issue, including Question Period, Members' Statements and Grievances.

Therefore, with the greatest of respect, I must rule that this matter does not meet the criteria set by our Rules and Precedents and I rule the motion out of order as a Matter of Urgent Public Importance.

Subsequently, following the challenge to Madam Deputy Speaker's ruling, Mr. HAWRANIK rose on a point of order regarding the need for the Deputy Speaker to enforce the Rules and traditions of the House as they pertain to recorded votes.

And Hon. Mr. BLAIKIE and Mr. FAURSCHOU having spoken to the point of order,

WHEREUPON Madam Deputy Speaker made the following ruling:

As all Honourable Members are aware, the House has been at impasse for the past several hours, with numerous points of order raised as well as an extended recess.

I would like to clarify for the House that part of the difficulty with the issue that has arisen is due to the fact that there is no explicit mention in the rules of what must be done if a Member does not vote while seated in his or her seat and is not paired. Rule 14(7) obligates those Members who are in their seats must vote but does not state what should happen if a Member is not in compliance with the rule.

The actions that the Chair has taken this evening were based on a comparable precedent from November 7, 2005, where the Honourable Member for River Heights was in his seat at the time of a division on an amendment to the Throne Speech but did not vote. The Honourable Member for River Heights rose on a point of order indicating that when the vote was being conducted, he had been distracted, and that had he voted, he would have voted against the amendment. Speaker Hickey ruled there was no point of order. The then Honourable Member for Ste. Rose rose on a point of order and apologized to the House for distracting the Member for River Heights.

Speaker Hickey ruled in response to this second point of order that the Member for River Heights had clearly indicated that had the Member for River Heights voted it would have been a nay, and that in order for the vote to count, unanimous consent of the House was required. A request for unanimous consent was put to the House, and unanimous consent of the House was not given, so the vote of the Honourable Member for River Heights was not counted at all.

Some Members have raised the issue of receiving advice from the former clerk of the House that if a Member is in his or her seat and misses the opportunity to vote during the division, then the vote must automatically be counted the opposite way. I had opportunity to consult the former Clerk this evening, and he indicates that he does not recall any conversation where he had given such advice to a Member. His current opinion is that a Member who is present and in his or her seat must vote, but there is no basis to support or conclude that the vote must in a situation like this be automatically cast in the opposite direction. He also advised that in a case such as we have seen tonight, the Member has missed the opportunity to vote, the vote is over, and the business then proceeds.

I can appreciate that this is an issue that Members have serious concerns about, as we have seen from the points of order that have been raised. I would also note for the House that the chair has been lenient in allowing points of order on this issue, as according to the Sessional Order that is in effect, points of order are not permitted to be raised at this time. I have allowed points of order given the seriousness of the issue for Members.

Tonight we have seen various solutions tried, such as leave for the Member to vote, and leave for the entire vote to be held again, and in both cases, leave was denied. We have also had points of order raised in response to Rulings of the Chair, which is also not procedurally correct, because if the House disagrees with a ruling, it should challenge the ruling on the basis of a voice and a recorded vote, and not continue to raise points of order after a vote has been held on whether or not to sustain the ruling.

Based on the November 7, 2005 precedent from Speaker Hickey regarding the Member for River Heights, given that unanimous consent has been denied, the vote of the Honourable Minister of Finance will not be counted at all, because the House has denied leave for the vote to count. I suggest we now deal with the Business of the House in accordance with the provisions of the Sessional Order, but I do make a strong recommendation that the House and the House leaders have discussions about possible rule changes regarding Rule 14(7), so that it can be clearly identified in the rules what is to happen should a comparable situation arise in the future.

From her decision, Mr. HAWRANIK appealed to the House,
