**ORDERS OF THE DAY**

**GOVERNMENT BUSINESS**

**ADJOURNED DEBATE (FIFTH DAY OF DEBATE):**

On the Proposed Motion of Hon. Mr. FIELDING –

THAT this House approves in general the budgetary policy of the Government.

And the Proposed Motion of Mr. KINEW in amendment thereto as follows:

*THAT the motion be amended by deleting all of the words after "House" and substituting:*

therefore regrets that this budget neglects the priorities of Manitobans by:

- a) breaking the Premier's promise to protect front line services by making deep cuts to health and education despite unprecedented revenues from the Federal Government; and
- b) continuing the Premier's attack on the health care system by underspending on health care by \$240 million, cutting the health care budget by \$120 million, continuing forward on the plan to close two more emergency rooms while freezing mental health and addictions services during a methamphetamine epidemic and continuing to undermine health care for women and girls across Manitoba; and
- c) reducing supports for students with special needs while increasing class sizes for the youngest learners and slashing support of daycare for children; and

- d) reducing college and university education by millions while increasing tuition rates for parents and students putting education and good jobs out of the reach of Manitoba's youth; and
- e) failing to provide a comprehensive jobs strategy for the future, especially for northern Manitobans, that gives more families access to good paying, non-precarious jobs while cutting supports for apprenticeships and training; and
- f) by continuing to cut over \$150 million in infrastructure spending from what was previously promised, cutting \$40 million from water infrastructure in the same year as flood forecasts have worsened while failing to offer any program to reduce greenhouse emissions and fight climate change.

As a consequence, the Provincial Government has thereby lost the confidence of this House and the people of Manitoba.

And the Proposed Motion of Mr. LAMONT in sub-amendment thereto as follows:

*THAT the amendment be amended by adding after clause (f) the following clauses:*

- g) failing to ensure mining operations in Manitoba stay viable and threatening the economic viability of northern communities by delaying mining permits as a result of firing mining branch staff; and
- h) failing to properly implement health system reorganization causing crises in emergency rooms and primary care; and
- i) failing to invest federal funding increases in Manitoba into crucial services and infrastructure for Manitobans; and
- j) failing to support Manitoba's economic health and choking off growth by; falsely inflating the Province's deficit, budgeting increased amounts in departments for which there is no intention of spending the increases and allowing Manitoba's GDP to slip below 1%, putting Manitoba at risk of a recession claiming it as the new normal; and
- k) failing to ensure that wealthy Manitobans pay their fair share of taxes by defending tax loopholes that allow the wealthiest to pay a lesser tax rate than medium and low income Manitobans; and
- l) failing to protect the public universal healthcare system by reiterating plans for a grand bargain that would prioritize cheaper wine imports over the Federal Government maintaining its role in health care; and
- m) failing to ensure Manitobans are earning a living wage by; freezing wages, not increasing the minimum wage to a livable amount, and prioritizing the needs of corporations located outside of Manitoba at the expense of workers; and

- n) failing to cut from the top by increasing executive support for Ministers by 2% which is well above increases to the health budget; and
- o) failing to show any clear plans to improve emergency management and increased climate emergencies including more increased floods, droughts and forest fires; and
- p) failing to improve the health systems in Manitobans by completely stalling provincial increases to health funding and solely relying on federal increases to fund health care cost increases; and
- q) failing to support Manitoba by acting as a barrier to municipalities and First Nations to access much needed federal infrastructure funding; and
- r) failing to support children in the care of CFS by slashing funding under the guise of block funding for agencies; and
- s) failing to meet or work with the trilateral methamphetamine taskforce; and
- t) failing to allow jurisdiction over First Nations' children in CFS; and
- u) failing to support Manitoba's incredible arts and cultural communities by allowing cultural infrastructure to crumble and freezing or decreasing funding to arts and cultural organizations.
