My name is Leonard Broesky, I live 2 miles from La Bass Holsteins on [REDACTED]. I've lived here for over 40yrs. I know La Bass Holsteins to be a well managed FAMILY farm. I'm pleased to hear that the next generation is involved in this family operation. Expanding the operation would be beneficial for the municipality not only for the added employment opportunities but also allowing the next generation to live and raise their families in our community.

We need good farmers.

I hope they're allowed to expand.

Sincerely. Len Broesky
