

# Introduction

---

The *Northern Affairs Manual of Policies and Procedures* or NAMPP is for use by the Northern Affairs community councils and community employees. The purpose of the manual is to provide policy direction and guidance for the delivery of municipal services at the community level.

The manual includes a table of contents and the following seven sections (Financial, Public Works, Land, Protective Services, Environmental Health Services, Election and General Policies).

A table of contents provides a detailed outline on the policies included in the sections. The appendices can be found at the back of each applicable section.

Updates will be made from time to time and posted to the Manitoba government website at <https://www.gov.mb.ca/mr/northern/community-docs.html> for communities to access and print required copies. Notification will be provided to the community by letter from the department indicating reason for revisions.

If you have any questions pertaining to a policy or procedure, please contact the Northern Affairs regional office.
