

SPECIFICATION FOR REMOVING ORNAMENTAL TREES

340. 1. SCOPE

This work shall consist of the removal and disposal of ornamental trees and stumps, logs, shrubs, grass, weeds, fallen timber and other surface litter adjacent to the ornamental trees wherever they occur within the area staked out or designated by the Engineer, other than those included in the areas to be cleared and grubbed. The decision of the Engineer as to what constitutes an ornamental tree shall be final and binding.

340. 9. METHOD OF MEASUREMENT

The number of trees for which the Contractor will be paid will be determined by an actual count made by the Engineer of the number of ornamental trees removed.

340. 11. BASIS OF PAYMENT

Removing Ornamental Trees will be paid for at the unit price per tree set forth in the Contract for "Removing Ornamental Trees", and will be payment in full for performing all operations necessary or incidental to the carrying out of this work as set forth in these Specifications.
