

SPECIFICATION

Roadside Safety Devices

Designator: **TRWE02a**

Description: **W BEAM MELT
BUFFERED END
CONNECTOR**

Manitoba 
**Infrastructure and
Transportation**
Traffic Engineering

The W Beam MELT Buffered End Connector shall conform to the current requirements of AASHTO M180 Class A. Corrosion protection may be either Type II (zinc coated) or Type IV (corrosion resistant steel). Corrosion resistant steel should conform to ASTM A606 for Type IV material and shall not be zinc coated, painted or otherwise treated.

Dimensional tolerances not shown or implied are intended to be those consistent with the proper functioning of the part, including its appearance and accepted manufacturing practices. W Beam MELT Buffered End Connector may be supplied in the nearest Imperial, or English, units equivalent and corresponding manufacturing specification.

Effective Date: September 1, 2001

Revised Date: January 31, 2011
