

To accommodate the construction of the new Daly Overpass changes are required to traffic flow on 18th Street.

- Effective July 4th through approximately July 18, 2022, traffic flow on 18th Street will be reduced to one lane in each direction from Princess Avenue to Parker Boulevard.
- Vehicles southbound on 18th Street will not be allowed to turn left (east) on Rosser Avenue, rather they will be required to follow a detour route as shown on this drawing.
- Pacific Avenue will remain closed until approximately December 2022.

We appreciate your ongoing patience during this period.
