Dear Ms. Smith:

**RE: Request to Suspend Clause 29 e) of Environment Act Licence No. 230 VC R**

This letter acknowledges the request made by the Local Government District of Pinawa on May 4, 2016 to commence the discharge of effluent from the LGD of Pinawa wastewater treatment lagoon prior to the discharge period specified in Environment Act Licence 230 VC R. The purpose of the request is to prevent an overflow of liquid in the primary cell and secondary cell #2. Laboratory analysis reports provided by the LGD of Pinawa confirm that the effluent quality complies with Environment Act Licence No. 230 VC R.

Pursuant to Section 18(1) of *The Environment Act*, I am granting a suspension of clause 29 e) of Environment Act Licence 230 VC R to allow commencement of the discharge prior to June 16, 2016. The suspension is in effect from May 26, 2016 to June 8, 2016 inclusive for this event.

All other clauses of Environment Act Licence No. 230 VC R remain in effect.

Please contact Environment Officer Diane Oertel at (204) 345-1486 if you have any questions.

Yours sincerely,
