Dear Rebecca Wroblewski:

Re: Environment Act Licence No. 1301 RR - Notice of Alteration Request

Thank you for your notice of alteration submission, dated September 30, 2021, in accordance with Section 14 of The Environment Act, for an alteration to Environment Act Licence No. 1301 RR (the licence), issued for the operation of a Boeing Canada facility located at 99 Murray Road within the City of Winnipeg.

The intent of the alteration is to relocate some operations to this facility from the Boeing Canada facility located at 1345 Redwood Avenue, operating under Environment Act Licence No. 2846 R. It is understood that the facility located at Redwood Avenue will be decommissioned. The following alteration will take place at the Murray Park facility:

1. Rearrange the Murray Park facility to accommodate the relocation.
2. Decommission the 747-product line.
3. Relocate assembly of 787 Engine Pylon Aft Fairing and 767 Engine Strut Aft Fairing from the Redwood Avenue facility.
4. Relocate tooling, painting, edge seal/sand and fill, and shipping and receiving inventory operations to the Murray Road facility that used to be done at the Redwood Avenue facility.

Upon review of the notice of alteration, I am satisfied that the potential changes in the environmental effects resulting from the proposed alteration would be insignificant. Therefore, I approve the implementation of the September 30, 2021 notice of alteration in accordance with Section 14(2) of The Environment Act. If the submitted updated floor plan changes during implementation, you are required to submit a revised floor plan. All clauses of Environment Act Licence No. 1301 RR remain in effect.

Should you have any questions regarding this approval, please contact Nada Suresh, Acting Regional Supervisor, Environmental Compliance and Enforcement Branch, at Nada.Suresh@gov.mb.ca or 204-945-8412.

Sincerely,
