Dear Barry Blue:

Re: Waste Connections of Canada Inc. - Notice of Alteration Approval for Landfill Height Adjustment (Phase 2) - Environment Act Licence No. 2177 E R5

Thank you for your notice of alteration dated March 28, 2022. The alteration is to increase the peak elevation of your landfill from 260.3 metres to 269.8 metres above sea level. The landfill is known as the Prairie Green Integrated Waste Management Facility. It is located on portions of N1/2 of 11 and 14-12-2 EPM within the Rural Municipality of Rosser.

I am satisfied that the potential changes in the environmental effects resulting from the proposed alteration would be insignificant. I approve the notice of alteration under section 14(2) of The Environment Act.

All clauses of Environment Act Licence No. 2177 E R5 remain in effect.

If you have any questions about this approval, please contact Edwin Yazon, Environmental Engineer, Environmental Approvals Branch at Edwin.Yazon@gov.mb.ca or 431-335-2554.

If you have any questions about the ongoing administration of the licence, please contact Nada Suresh, Regional Supervisor, Environmental Compliance and Enforcement Branch at EnvCEWinnipeg@gov.mb.ca or 204-945-8214.

Sincerely,
