Dear Ms. Kozak:

Re: Notice of Alteration - Basswood Site (Rural Municipality of Oakview)

Thank you for your letter dated May 15, 2017 requesting approval to proceed with upgrades of the existing liquid fertilizer tank farm planned for the Basswood site. You specifically indicated that upgrades are planned to add three 235 tonne Norvid stainless steel tanks, one 200 tonne Meridian stainless steel tanks, one 160 tonne Polywest fibreglass and one 166 tonne Cansteel mild steel tank to the tank fertilizer farm.

The Environmental Approvals Branch is processing this request as a minor alteration to Environment Act Licence No. 2132 RRR, pursuant to clause 14(2) of The Environment Act. It has been determined that the potential environmental effects from upgrades are insignificant and can be accommodated by the existing limits, terms and conditions of Environment Act Licence No. 2132 RRR.

I hereby grant approval to Crop Production Services (Canada) Inc. to implement the proposed alteration.

If you have any questions on this matter, please contact Ms. Krystal Penner of this office at (204) 945-7107. For any operational issues please contact the District Supervisor Peter Crocker at (204) 726-6565.

Yours sincerely,

Tracey Braun, M.Sc.
Director
