Dear Mr. Sigmundson:

Re: Notice of Alteration – Environment Act Licence 2170 R - New Lift Station and Forcemain, Grand Marais Wastewater Treatment Lagoon

This is in response to an October 24, 2013 Notice of Alteration (NoA) to Environment Act Licence No. 2070 R for the Grand Marais wastewater treatment lagoon, received from GENIVAR on your behalf. The alteration consists of the construction of a new collection system including a lift station and forcemain to service the Sunset Bay subdivision. No other changes to the operation of the wastewater treatment lagoon were proposed.

Upon review of your alteration request, I have concluded that the environmental effects of the proposed alteration will be insignificant, and, therefore, in accordance with Section 14(2) of *The Environment Act* you are hereby authorized to carry out the proposed alteration as described in the October 24, 2013 Notice of Alteration.

If you have any questions regarding this matter, please contact Bruce Webb at (204) 945-7021.

Yours truly,
