

**Table 10: Impact Implications on Society's Responsibility**

Forest Management Activities		Aboriginal & Treaty Rights	Participation by First Nations in Sustainable Forest Management		Sustainability of Forest Communities	Fair & Effective Decision Making	Informed Decision Making			
		Aboriginal & Treaty Rights	First Nations Participation in Forest Based Economic Opportunities	First Nations Social, Cultural & Spiritual Sites	Regional Economic Activity	Public Participation in Decision Making Processes	Forest Research & Partnerships	Training & Awareness of PFPC Personnel	Information Systems & Monitoring	Public Health
<b>Planning</b>	Public Participation	M	M/ *	M/ *	*	*	*	*	*	
	Road & Watercourse Crossing Planning	M	*	M	M/ *	*				
	Harvest & Renewal Planning	M	*	M	M/ *	*				
	Sustainability Modeling					*				
	Information Collection & Application	M		M/ *	M	*	*	*	*	
	Access Management	M		*	*					
<b>Infrastructure Development</b>	All-weather Road (Class I & II)		*	M	*					I
	Dry-weather Road (Class III)		*	I	*					I
	Winter Road (Class IV)		*	I	*					I
	Road & ROW Maintenance		*							
	Permanent Watercourse Crossings									
	Temporary Watercourse Crossings									
	Camps, Timber & Fuel Storage Sites				*					
	Non-hazardous Construction Waste									
	Decommissioning				*					I
<b>Harvesting</b>	Logging (Felling/Forwarding)		*	M	*/ M					M
	Slashing & Woody Debris Management									
	Timber Storage									
	Timber Transportation to Mill		*							I
<b>Forest Renewal</b>	Site Preparation / Scarification		*	I	*					
	Tree Establishment (Natural & Planting)		*		*					
	Mechanical Stand Tending				*					
	Chemical Stand Tending									I
<b>Forest Protection</b>	Insect & Disease Control				*					I
	Fire Control				*					*
<b>Equipment Use</b>	In-block Operations			M						M
	Fuel Storage & Handling									I
	Non-hazardous & Hazardous Waste									I

Note: Contribution to the Timber & Non-timber Economy Component for Subsistent Forest Uses from Table 7 represents impact implications for Participation by First Nations in Sustainable Forest Management in terms of Subsistent Forest Uses as they apply to Table 10. This component is not repeated in this table, refer to Table 7 and associated textual description.
