Dear Ms. Johnson:

Re: Bipole III Transmission Project – Environment Act Licence No. 3055

The *Bipole III Transmission Project Construction Environmental Protection Plan – Section N1, Section N2 and Section N3* documents submitted in December, 2013 by Manitoba Hydro, in accordance with Clause 4 of Environment Act Licence No. 3055, have been reviewed. The plan satisfies the requirements of Clause 4 for the associated areas of the project.

Other than the permitting requirements, the pre-construction requirements of the licence for the N1, N2 and N3 Sections, have now been satisfied.

If you have any questions regarding this matter, please contact Ms. Elise Dagdick of this office at (204) 619-0709.

Yours truly,
