Dear Ms. Laird:

**Re: Imperial Oil Limited – Bulk Petroleum Storage Facility, 2925 Henderson Highway  
Discharge of water from stormwater containment pond**

This letter acknowledges the March 31, 2016 request from Imperial Oil Limited to discharge approximately 10 ML of water from the stormwater containment pond exceeding the upper discharge limits for total suspended solids as stipulated in Environment Act Licence 3088 (the licence).

Due to stormwater containment pond capacity issues and pursuant to Clause 18(1) of *The Environment Act*, you are hereby granted a suspension to Clause 17 (c) of the licence. The suspension of the licence is in effect from April 1, 2016 to April 8, 2016 inclusive and subject to the following conditions:

1. Water released from the pond shall be sampled each day that the water is discharged;
2. Sampling for pH upstream and downstream from the discharge point shall be carried out on a daily basis for each day that the water is discharged;
3. A report detailing the sampling results, volume of water released daily and the dates of the discharge shall be submitted to Manitoba Conservation and Water Stewardship within thirty (30) days of the last discharge date; and
4. All other clauses of the licence shall remain in effect.

If you have any questions, please contact Geoffrey Stephens, Environment Officer at (204) 945-7043.

Yours Sincerely,
