Dear Mr. Clark:

**Re: Canadian Linen and Uniform Services. – Environment Act Proposal**

The Environment Act Proposal (EAP) you submitted on February 5, 2014 for the Canadian Linen and Uniform Services facility located at 1860 King Edward Street, Winnipeg, MB has been reviewed. The following additional information is required before we proceed with processing the EAP:

1. Detail description of the facility regarding operation time and volume of wastewater generation.
2. List the total Volatile Organic Compounds reported in the proposal into major VOC species released from the facility.
3. Concentrations of each VOC species and Particulate Matter (PM) in the exhaust air from each process area of the facility.
4. Describe how both point and fugitive emissions from all process locations except the wastewater treatment area are handled.
5. Description of any pollution control equipment other than the air scrubbers installed for the wastewater area.
6. Quantities of the chemicals used per day or per week and the quantities of each of them stored onsite at a given time.

If you have any question on this matter please contact the undersigned at (204) 945-7023 or [Eshetu.Beshada@gov.mb.ca](mailto:Eshetu.Beshada@gov.mb.ca).

Yours truly,

Eshetu Beshada, PhD., P. Eng.  
Environmental Engineer
