Thanks for providing the secondary cell hydraulic conductivity results for the RM of Alexander wastewater treatment lagoon on PR 313. The cell liner meets the requirements of clause 18 of Environment Act Licence No. 3178 R, and operation of the cell is approved under clause 21.

As required by clause 22 of the licence, record drawings for the facility are due by February 4, 2024. The drawings can be provided electronically to [EABDirector@gov.mb.ca](mailto:EABDirector@gov.mb.ca).

Hello Bruce,  
Please review these results and let me know if the secondary cell is approved for operations.  
Thanks,

Hi Raj,

Here are the two hydraulic conductivity test reports (from Phase 2 sampling). Both pass.

Regards

Paul
