

## Notice of Environment Act Proposal

Manitoba Sustainable Development has received a proposal pursuant to *The Environment Act* regarding the following operation and invites public participation in the review process:

### **RURAL MUNICIPALITY OF YELLOWHEAD – SHOAL LAKE WATER TREATMENT PLANT – FILE: 5847.00**

A proposal has been filed by the Manitoba Water Services Board on behalf of the Rural Municipality of Yellowhead for the construction and operation of an upgraded water supply system for the community of Shoal Lake. The system would also service portions of the surrounding rural area. The system would consist of at least two wells (two existing and potentially one new) in E 9-17-23 W southeast of the community, a new reverse osmosis and manganese greensand water treatment plant at the wellsite, a reject water pipeline from the water treatment plant west to Shoal Lake, and new rural distribution pipelines connected to the community water system. The water treatment plant would have a raw water capacity of 16.7 litres per second, and a treated water capacity of 12.5 litres per second. Construction of the upgraded system could commence in late 2016 and would be completed by April, 2018.

**Anyone likely to be affected by the above operation and who wishes to make a representation either for or against the proposal should contact the Department, in writing or by E-mail ([bruce.webb@gov.mb.ca](mailto:bruce.webb@gov.mb.ca)), not later than SEPTEMBER 30, 2016. Further information is available from the Public Registries located at: Legislative Library, 200 Vaughan St., Winnipeg; Millennium Public Library, 4<sup>th</sup> Floor, 251 Donald St., Winnipeg; Online Registry: <http://www.gov.mb.ca/conservation/eal/registries/index.html> or by contacting Bruce Webb, Environmental Engineer.**

Information submitted in response to this proposal is considered public information and will be made available to the proponent and placed on the public registry established in accordance with Section 17 of *The Environment Act*.
